Steve – We are going to assign a staff person and a manager to work with DTSC on their organizational structure and management objectives, as we have been doing. As DTSC gets further into the project the staffing might change but for now it will be you and me.

I can be a buffer and represent us at meetings and such and you can help with the management of our involvement. For now, the main task is getting their structure and management objectives to the point where they can go out to the larger group of government entities and the Advisory Board for feedback. As they go through the CEQA process they will be releasing sampling plans etc for review and we can do some review of those deliverables.

It looks like August 1st will be the meeting date in Los Angeles. I will plan to attend and hopefully you will be available as well.

Any questions give me a call. Thanks, Dan

Zoe Bayar is out of the office until 7/25. On her voicemail, Zoe gave Sue Patel as a contact person in her absence and I left a message with Sue. I will give her another call tomorrow.

Can we confer before responding to Ana? I am still expecting we keep the execs focused on the Aug 18 community meeting, so ideally, what is proposed below will keep us focused on moving fwd together.

Thx, A

Subject: Scheduling next Exide meeting in LA - July 27, 28 or Aug 1

Good afternoon everyone,

Thank you very much for the collaborative and productive discussion last month. As recapped at the end of the meeting, we'd like to schedule a working session in Los Angeles to keep developing the management objectives, policy objectives and ICS coordination chart. In addition to US EPA, DTSC, LA County, and LA City participating, we will also invite other local representatives. Here's a brief overview:

Purpose of the meeting: This will be a staff-level working session to discuss the draft Exide

Cleanup Incident Command System (ICS) management objectives, policy objectives, and coordination chart. Revised materials will be prepared for discussion with the Exide Advisory Group in August.

Date: Last week of July – see scheduling inquiry below

Location: Los Angeles, exact location TBD

Participants: 1-2 representatives from: US EPA, CalEPA, DTSC, LA County, LA City, Commerce, Maywood, Vernon, Bell, Huntington Park, SCAQMD

Materials: To be provided to all participants several days in advance: (1) Draft management objectives (2) Draft policy objectives (3) Draft ICS Coordination Chart

To schedule this meeting, please respond to me with your agency's representative(s) availability during the following days/times:

- ☐ ☐ ☐ ☐ ☐ ☐ Wednesday, July 27 – 10am - noon or 2pm – 4pm
- ☐ ☐ ☐ ☐ ☐ ☐ Thursday, July 28 – 10am - noon or 2pm – 4pm
- ☐ ☐ ☐ ☐ ☐ ☐ Monday, August 1 – 10am - noon

We'll extend the invitation to the other participants once we've identified some options from the group here.

Best,

Ana

Subject: June 17 Exide meeting

Dear Colleagues,

Thank you very much for agreeing to meet on Friday, June 17 with us regarding Exide. We plan to meet at EPA's Regional Office, at 75 Hawthorne Street, San Francisco, on the 19th floor, from 1:00 – 3:00 pm. If you wish to join by videoconference, please use our So. California Field Office, at 600 Wilshire Boulevard, Los Angeles, 14th floor (please let me and Steven Leonido-John, director of our So. California Field Office, know in advance).

On Friday, our objective is to discuss how we can best maximize and leverage our respective expertise and resources to support the enormously important work to address the Exide Vernon facility. With Cal EPA, DTSC, the County of Los Angeles, the City of Los Angeles, and many other authorities engaged in different aspects of this multifaceted and resource-intensive undertaking, I propose focusing our initial discussion on articulating a unified multiagency operational framework to share management objectives, delineate commitments and roles of different governmental entities, track progress, and guide internal and external communications. I welcome your specific input to our agenda.

Participants are as follows:

For CALEPA:

- Matt Rodriguez, Secretary for Environmental Protection
- Grant Cope, Deputy Secretary for Environmental Policy

For DTSC:

- Barbara Lee, Director
- Francesca Negri, Chief Deputy Director
- Ana Mascareñas, Deputy Director, Environmental Justice and Tribal Affairs
- Zoe Bayar, Assistant Deputy Director, Site Mitigation and Brownfields Reuse Program

For the County of Los Angeles:

- Cynthia Harding, Interim Director, Department of Public Health
- Angelo Bellomo, Deputy Director for Health Protection, Department of Public Health

For the City of Los Angeles (via VTC):

- Matt Petersen, Chief Sustainability Officer, Mayor's Office
- Lauren Faber, Deputy Chief Sustainability Officer, Mayor's Office

For EPA Region 9:

- Alexis Strauss, Acting Regional Administrator
- Enrique Manzanilla, Director, Superfund Division
- Jeff Scott, Director, Land Division

I look forward to working with you. Please feel free to call or email me at 415-972-3572 or strauss.alexis@epa.gov.

Kind regards,

Alexis Strauss

Acting Regional Administrator
